COURSE PREFERENCES

Applying for: Fall Spring Summer

Although the department regularly employs GAs and GTAs in a host of production and studies courses, additional opportunities are often added a week before classes start. For this reason, you are free to pick an option from both GA and GTA columns. Instructor of Record GTA assignments are reserved for advanced graduate students in their last year of the program.

Should you not get one of your top choices, would you be willing to accept the Graduate Committee's recommendation for a different assignment based on the department's needs?

Yes
